Car Race Game

Words are made of letters. We learn letter sounds so we can read. Can you read the words with me?

Place the **flashcards** 'sat', 'mat', 'sam', and 'tam' on the table with the picture side up. Spell one of the words by placing **animal tiles** on the **car race board**. Ask the child to "sing" the letter sounds as you slowly slide the car below each letter. Remember, letter sounds like to stick together! Can they get the letter sounds to touch? Slide the car faster and faster as they sing the sounds. If they read the word & can select the correct picture, let them pull back the car and watch it race away.
